WAIVER APPROVAL ALLOWS TEACHING CREDENTIAL APPLICATION WITHOUT TEST

The College has received approval to offer single subject waiver programs in the following disciplines:

Biology
English

Social Science
History

Art

This means that under the authority of the State Commission for Teacher Preparation and Licensing that CSCSB students who graduate in one of the above five majors do not have to take the examinations required by the State under the Ryan Act to receive the teaching credential. Examinations are waived in that case and graduates are recommended for the single subject credential in their field.

NEW HOUSING COORDINATOR FOR SERRANO

A new Housing Coordinator has been appointed to head the Serrano Village student residence halls.

Craig Henderson, already a five-day veteran of campus with offices at Mojave House at Serrano, is fast becoming acclimated to the CSCSB setting. He comes to the Cal State campus from Denver, Colorado.

The new coordinator has an impressive background in student personnel work, having served at Colgate University as graduate residence advisor, the University of Denver as assistant to the Dean of Men, Rutgers University as student activities director, and most recently, the University of Denver where he was director of the graduate and international student residence hall. He also has worked in counseling, general administration and related work.

Dr. Henderson recently obtained his Ph.D. in Higher Education from the University of Denver and has an M.A. in student personnel from Colgate University. He is unmarried and lives in San Bernardino. He fills a vacancy created by the transfer of Theron Pace, former housing director, to the Placement and E.O.P. offices. Serrano Village with its eight residential houses, has a student population this quarter of 240 to date.
